Allowable Subject Matter

4. Claims 1-4 and 6-15 are allowed.

The following is an examiner's statement of reasons for allowance: Examiner has carefully considered the independent claim 1.

The closest prior art Himmel teaches Bookmark Sets to determine the Web sites to which a user may navigate and black lists to determine sites to which a user may not navigate but fails to fairly teach or suggest "allowing navigation from said web page to a web page of a different domain up to a specified Navigation Boundary, said Navigation Boundary representing a number of domains away from said web page, substantially within which a user may navigate, and substantially beyond which a user may not navigate, and wherein said number of domains represented by the specified Navigation Boundary is at least one". This limitation, in the specific combination as recited in claim 1, defines patentability of claim 1 over the prior art of record.

Art Unit: 2173

Claims 2-4 and 6-16 either directly or indirectly depend on claim 1 and, therefore, are allowed for the same reason set forth above.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
